High School

Kayla Hall completed the requirements for a career major certificate. This is a certificate that can be used in applying for employment which documents the training and education a student has in a career field and sometimes can even help them gain a higher rate of pay.

Congratulations, Kayla!

It would be very beneficial if all of our students left KSD with a career major certificate.

FROM THE STUDENT HEALTH SERVICES OFFICE...

Reminder: be on the look out for letters regarding physicals and immunizations. Students entering Kindergarten and 6th grade will require a physical exam. Your local health department or doctor's office can assist you. Students participating in any sport next year will require a sports physical. Please have these needed examinations done at home so your child will not miss school or valuable practice time. The entire infirmary staff wishes you a safe and healthy summer.

READING IS FUNDAMENTAL

Nancy Mann, RIF coordinator received very positive comments on the KSD RIF program from the National Project Coordinator. He complimented our entire program and noted that our distribution activities are outstanding (speaking from a national level)! So thank you **teachers** for your great activities which have been so meaningful to the students! Special thanks to **Debbie Martin, Ann Arnold, and Lori Mohan** for helping managing the Distributions! And another special thanks to **Gladys Faulkner** for placing our orders, paying the bills, and keeping the invoice system on track!

The National Project Coordinator stated we have proven through the years to be self-sufficient and for that RIF is permitting our program to go on a 2-year cycle.

Supporting our children through home-school communication.
